AW139 CABIN STORAGE BIN KIT

The ICARUS AW139 Cabin Storage Bin Kit provides approximately 17 cu. ft. of storage for use on aircraft that do not have the rear of cabin auxiliary fuel tank installed. This typically unused space can now be easily configured to safely and securely store emergency and medical items such as life rafts and vests. Alternatively, the space can be used to conveniently store baggage or small pieces of cargo as may be required. The field installable kit comes with all materials and concise installation instructions.

FEATURES

- Up to 240lbs storage capacity in 4 compartments;
- Items secured using fully adjustable webbed strapping with quick release fasteners and easy tension control;
- Fully modular insert can be easily removed for A/C inspections;
- Initial installation in less than 90 minutes – no special tools required;
- Minor airframe modifications;
- No flight limitations;
- Transport Canada STC O-LSH19-183/D

ABOUT ICARUS AEROSPACE

ICARUS Aerospace Services Inc. is a Transport Canada, F.A.A. and EASA approved design, certification and manufacturing organization that specializes in aircraft modifications, engineering services, special mission aircraft conversions, logistics support and integrated kit solutions. Facilities are located in Toronto. Contact us: info@iaero.ca for more information.
