## **KING AIR SEAT REPAIR – (P/N 690-1DR)**

**NEW:** The ICARUS King Air seat repair kit provides replacement seat brackets for the Flight Equipment & Engineering Corporation OEM seat. OEM seats are known to prematurely develop fatigue cracks over time and render the seat unusable. The ICARUS seat bracket provides a cost effective and certified option to a complete seat replacement.

## **FEATURES**

- Replacement seat bracket for LH/RH seat part number 690-1DR – forward and aft facing seats
- Replaces OEM bracket P/N 692-100AR3-03 (OEM brackets not available);
- Lightweight aluminum construction provides superior strength and robustness, reduces premature fatigue effects;
- Meets 9G requirements for both forward and aft facing installations;
- Installs easily without special tools;
- No airworthiness limitations;
- Approved for Beechcraft B200GT, B200CGT, 300, 300LW, B300, B300C - other aircraft types can easily be added as required – please enquire;
- Certified under Transport Canada RDA O-RAP21-019

## **ABOUT ICARUS AEROSPACE**

ICARUS Aerospace Services Inc. is a Transport Canada, F.A.A. and EASA approved design, certification and manufacturing organization that specializes in aircraft modifications, engineering services, special mission aircraft conversions, logistics support and integrated kit solutions. Facilities are located in Toronto. Contact us: [info@iaero.ca](mailto:info@iaero.ca) for more information.
