S-92A OBSERVERS BUBBLE WINDOW

The ICARUS S-92A Observer’s Bubble Window kit immediately adds SAR capability to your helicopter – whether you need it for formal search missions or to increase visual awareness during normal operations. The low cost standalone kit easily installs into the front or rear emergency exit doors, and is STC’d for both locations.

FEATURES

- Provides better than 180 degree viewability
- High quality optical material – no distortions
- Excellent durability & strength against bird/object strike
- Same kit will install on either forward left or aft right side
- Takes 2 - 3 hrs to install - no special tools required (with emergency door removed)
- No impact on Flight into known icing conditions
- No impact on emergency egress
- Transport Canada STC SH19-50
- FAA STC ST09267NY-R
